Re: United States v. Tyrone Browne
CR - 03 - 1368

Dear Judge Ross:

Please accept this letter as a request for additional time to permit the defendant to submit his objections and comments to the pre-sentence report. An issue has arisen that requires review of the plea minutes and the trial transcript which I hope to obtain today. Additionally, the defendant continues to compile letters on his behalf from many different individuals. While I acknowledge that we have requested one prior extension to submit, I have no reason to believe these final issues can not be resolved by the end of next week.

It is respectfully requested that the defendant be permitted to file his objections to the PSR on or before October 7, 2005.

Respectfully,

Christopher Booth
